

2nd Daycare Special Congregational Meeting
August 29, 2021

Council member Amanda Huber, who is also a member of JDA, opened the meeting in place of President Jamie Lagodinski. Amanda once more explained the current community daycare situation & the need for a location to house a daycare. The basement has been approved for a 30 child operation by Dept. of Human Services. She met with the health inspector who gave her a list of minor repairs/updates most of which needed to be done anyway. After discussion, Curwood Seefeldt motioned that the church approve a 2 year contract with the operator for a daycare in the church basement with the condition that progress be made in a permanent location & further details be decided by the council. Ron Klein seconded the motion. Motion passed unanimously.
